

The 15th Annual Meeting of Asia Spine
The 23rd Annual Meeting of Taiwan Neurosurgical Spine Society
July 6th -7th (Sat.-Sun.), The Lin Hotel 3F, Taichung

Agenda

July 6th (Sat.)			
Time/Venue	International Room	Global Room	Centurial Room
08:00-09:00	Asia Spine Board Meeting (7 th Floor Shanghai Room)		
08:10-09:00	Special Lecture I Tumor	Special Lecture V Deformity	Free Paper Section I
09:00-09:10	Opening Ceremony (International Room)		
09:10-10:50	Special Lecture II Tumor	Special Lecture VI Endoscope	Free Paper Section II
10:50-11:10	Group Photo & Coffee Break		
11:10-12:00	Special Lecture III Cervical Disc Arthroplasty	Special Lecture VII Minimal Invasive Surgery	Free Paper Section III
12:00-12:35	Lunch Seminar 1		
1235~13:10	Lunch Seminar 2		
13:10-15:10	Special Lecture IV Deformity	Special Lecture VIII Degenerative Disease	Free Paper Section IV
15:10-15:40	Coffee Break		
15:40-17:30		Special Lecture IX New Technique	Free Paper Section V
18:30-21:00	Gala Dinner (International Room)		

July 7th (Sun.)			
Time/Venue	International Room	Global Room	Centurial Room
08:20-10:00	Special Lecture X	TNSS Board Meeting	Free Paper Section VIII
		Free Paper Section VI	
10:00-10:30	Coffee Break		
10:30-11:40	Special Lecture XI Patient Safety	Free Paper Section VII	Free Paper Section IX
11:40-11:50	Closing Remark (International Room)		
11:50-12:20	TNSS General Assembly		

July 6th (Sat.) International Room

Time	Topic	Speaker
08:10-08:35	TBD	TBD
08:35-09:00	TBD	Fon-Yih Tsuang (Taiwan)
09:00-09:10	Opening Ceremony	
09:10-09:35	Optimization in the surgery of spinal intramedullary tumors: From Benign to Malignant tumors	Toshihiro Takami (Japan)
09:35-10:00	Current Trends in the Surgical Management of Intramedullary Tumors: A Multicenter Study of 1,033 Patients by the Neurospinal Society of Japan	Toshiki Endo (Japan)
10:00-10:40	MIS for Treatment of Spine Tumors	Patrick Hsieh (United States)
10:40-10:50	Q&A	
10:50-11:10	Group Photo & Coffee Break	
11:10-11:35	Are we able to protect adjacent levels after total cervical disc arthroplasty? 10 years follow-up with Baguera C	Frederic Schils (Switzerland)
11:35-12:00	How to Optimize Patient Outcome with CDA	Dharmendra Ganesan (Malaysia)
12:00-12:35	Lunch Seminar 1	
12:35-13:10	Lunch Seminar 2	
13:10-13:35	Is laminoplasty suitable for OPLL patients with cervical kyphosis and/or negative K-line?	Jung-Kil Lee (Korea)
13:35-14:00	Surgical management for complex cervical spondylitis tuberculosis: Experiences in Indonesia and challenges	Fadhil Panyalaian (Indonesia)
14:00-14:25	Management of Spinal Deformity in Parkinson's disease	Yoon Ha (Korea)
14:25-14:50	Clinical impact of head-hip offset following adult spinal deformity	Seung-Jae Hyun (Korea)
14:50-15:15	The Proprioceptive System and Spinal Alignment: Insights into the Mechanism of Scoliosis	Elazar Zelzer (Israel)
15:15-15:40	Coffee Break	

July 6th (Sat.) Global Room

Time	Topic	Speaker
08:10-08:35	TBD	Kai-Yuan Chen (Taiwan)
08:35-09:00	TBD	Szu-Yen Pan (Taiwan)
09:00-09:10	Opening Ceremony (International Room)	
09:10-09:35	Unilateral Biportal Endoscopic Lumbar Decompression: Redefine Art of Decompressive Surgery	Chung-Kee Chough (Korea)
09:35-10:00	Biportal endoscopic posterior cervical approach. Surgical technique, landmarks and prevention of complications.	Dong-Hwa Heo (Korea)
10:00-10:25	The transition from Uniportal to Biportal Endoscopic Spine Surgery (UBE)	Cheol-Wung Park (Korea)
10:25-10:50	Uniportal full endoscopic lumbar interbody fusion for degenerative spinal disease	Hyeun-Sung Kim (Korea)
10:50-11:10	Group Photo & Coffee Break	
11:10-11:35	Establishing Endoscopic Spine Surgery in Resource Limited Setting	Petra Octavian Wahjoe Pramono (Indonesia)
11:35-12:00	Expendable technology in MIS spine surgery	Shree Kumar Dinesh (Singapore)
12:00-12:35	Lunch Seminar 1	
12:35-13:10	Lunch Seminar 2	
13:10-13:35	The Polymethylmethacrylate-Augmented Lumbar Screw Fixation for Lumbar Spondylolisthesis in Osteoporosis Patients: Experiences with 32 Cases	Anh-Tuan Pham (Vietnam)
13:35-14:00	Decompression Only in Degenerative Lumbar Spondylolisthesis and Stenosis Including Foraminal Stenosis	Young-Sang Lee (Korea)
14:00-14:25	TBD	TBD
14:25-14:50	TBD	Sui-Sum Kung (Taiwan)
14:50-15:15	Non-traumatic Cervical Disc Herniation Producing Acute Brown-Sequard Syndrome: Case report	Dang-Minh Nguyen (Vietnam)
15:15-15:40	Coffee Break	
15:40-16:05	Trans-oral, Endoscopic C2 Transcorporeal, C2-3 Fragmentectomy: a novel approach to C2/3	Elmer Jose Arevalo Meceda (Philippines)
16:05-16:30	Various posterior fixation techniques in craniocervical junction	Nobuyuki Shimokawa (Japan)
16:30-16:55	Vertebroplasty for Osteoporotic Vertebral Fractures - Current Status and Indications from the History of Treatment in Japan	Masahiro Kawanishi (Japan)
16:55-17:20	TBD	TBD

July 7th (Sun.)

International Room

Time	Topic	Speaker
08:20-08:45	Intraoperative Neuromonitoring (IOM) in Cervical Spondylotic Myelopathy: It's false positive and negative response.	Nurbyek Baban (Mongolia)
08:45-09:10	First-hand experience using Cirq robotics and Loop X imaging for spine surgery	Greg Cunningham (Australia)
09:10-09:35	Evaluating the Reliability of Intraoperative Neuromonitoring in Cervical Spondylotic Myelopathy: Addressing False Positive and Negative Responses	Sung-Bum Kim (Korea)
09:35-10:00	Innovative Strategies for Intervertebral Disc Regenerations	Inbo Han (Korea)
10:00-10:30	Coffee Break	
10:30-11:15	All You Need Is Spine	Kang Lu (Taiwan)
11:15-11:40	TBD	TBD
11:40-11:50	Closing Remark (International Room)	
11:50-12:20	TNSS General Assembly
